Western Connecticut State University is seeking an adjunct instructor for the Department of Physics, Astronomy and Meteorology.

The Department of Physics, Astronomy and Meteorology is housed in the state of the art science building on the Midtown Campus. For more information, visit [http://www.wcsu.edu/physics/](http://www.wcsu.edu/physics/).

The assignment for the Fall 2019 semester will be teaching the lecture and lab for PHY 120 General Physics I. This is a non-calculus based general physics course consisting of 3 hours of lecture, 2 hours lab, and 1 hour of recitation for a total of six (6) hours weekly in-class teaching (six (6) load credits.) The course schedule is Monday, Wednesday & Friday's 11:00 - 11:50 A.M. for the Lecture and Monday's 3:30 - 6:20 P.M. for the Recitation/Lab. This position would likely continue for the Spring 2020 semester.

The course description is below:

**PHY 120 - General Physics I**

A general physics course appropriate for students majoring in life science, pre-medicine and other related disciplines; uses vector analysis, significant figures and scientific notation throughout the presentation. The course gives in-depth presentation of the traditional general physics material with examples of physical principals from the life sciences and daily living. PHY 120-every fall semester; PHY 121-every spring semester. Prerequisite: for PHY 120: MAT 100 and a "C" grade or better in PHY 103 or in a placement examination. For PHY 121: PHY 120. (3 hrs lecture-3 hrs laboratory).

**Qualifications:** Master's degree or Ph.D. in physics or engineering.

**Salary:** The salary for a Master's degree level adjunct will be $1,610 per credit hour (total salary for 6 load credits is $9,660). The salary for a Ph.D. level adjunct will be $1,760 per credit hour (total salary for 6 load credits is $10,560).
