Notes: The lesson listed on a specific day should be learned that day and the homework for this assignment is due the “next class day” (e.g. Friday’s assignment is due next Tuesday). Exams will be completed on the day listed.

The number in the () represents the number of questions in that specific homework assignment or exam.

No Graphing calculators, TI-84 or similar, may be used for any homework assignment or exam.

Please purchase a “regular” non-graphing scientific calculator for use in this course, such as the TI-30Xa.

Students can also use the calculator installed in the Math Emporium computers for assignments. Be sure to change to the scientific option in the View menu each time you begin using this calculator. It is best to always use the same calculator for everything.

The following is a useful guide to the next math classes required by various majors:

**C or higher in MAT 100 or MAT 100P**
- MAT 110 or 127 – recommended for Art, American Studies, English, History, Music, Communication, Spanish, and Theatre Arts
- MAT 115 or 120 – required of all nursing majors, and recommended for Biology majors
- MAT 118 – required of all Ancell majors (except JLA)
- MAT 120 – required of all CS, Social Work, and Math (Elem and Sec Ed), and JLA majors
- MAT 131 – required of all elementary education majors

**B or higher in MAT 100 or MAT 100P**
- MAT 133, 141, or 170 – recommended for CS, Math, Chemistry, and Physics.
