<sup>\*</sup>Minimum GPA of 3.5 in the major is required to qualify for the honors track. Students who participate in the honors sequence must identify a faculty member to oversee the course work. It is recommended that students seeking a career in applied, clinical or counseling psychology, or graduate school in those areas, take PSY 306 (new course in Spring 2015), the Internship in Psychology. Students seeking an acasemic or research career and planning on applying to graduate school should complete research with a faculty member via PSY 299 (student developed study), PSY 450, PSY 460, or the Honors track (PSY 475 and 476). Initial math and writing placements will determine the number of free electives. MAT100 & WRT101 are free electives but may be required as a pre-requisite for a general education math and writing intensive courses.
