
DHS Garden

April 2024

DPW provided and prepared the space

SWSA students
and HVA helped
with digging down
the sides of the
storm drain

April 2024

More digging...

Burlap and first layer of river stone were put in place

May 2024

Second layer of river stones were put in place

Plants were temporarily placed in location to confirm our final design

June 2024

SWSA students helped with planting native shrubs and flowering plants

July 2024

Once everything was planted, placement of rocks where soil was exposed got under way
